At the July 1, 2009 meeting of the Michigan Public Service Commission in Lansing,
Michigan.

PRESENT: Hon. Orjiakor N. Isiogu, Chairman
Hon. Monica Martinez, Commissioner
Hon. Steven A. Transeth, Commissioner

ORDER

On April 30, 2009, ACD Telecom, Inc., (ACD Telecom) filed an application, under the Michigan Telecommunications Act (MTA), MCL 484.2101 *et seq.*, to expand its current license to provide basic local exchange service to include all zones and exchange areas served by incumbent local exchange carriers throughout the state of Michigan. The Commission granted ACD Telecom a temporary license on May 26, 2009.

On May 19, 2009, ACD Telecom filed an affidavit of issuance of notice of opportunity to comment. Comments were due by June 12, 2009. No comments were received.

After a review of the application and testimony, the Commission finds that approval of the application is in the public interest. On numerous occasions, the Commission has found that competition can be advantageous to the citizens of this state. Approval of the request for a license to provide basic local exchange service will expand the opportunities for competition.

Accordingly, the application is approved. The expansion of a license is conditioned on full compliance with the provisions of the MTA, as well as the anti-slamming procedures adopted in Case No. U-11900 and the number reclamation process adopted in Case No. U-12703. Failure to comply fully may result in revocation of the license and other penalties. The grant of a license expansion is conditioned upon the provision of service to customers in the added exchanges within a reasonable time. Failure to do so may result in revocation of the license. Finally, the Commission notes that any numbers obtained by the applicant are a public resource and are not owned by the applicant. If the applicant fails to provide service or goes out of business, any numbers assigned to it are subject to reclamation.

THEREFORE, IT IS ORDERED that:

A. ACD Telecom, Inc., shall expand its current license to provide basic local exchange service to include all zones and exchange areas served by incumbent local exchange carriers throughout the state of Michigan.

B. ACD Telecom, Inc., shall provide basic local exchange service in accordance with the regulatory requirements specified in the Michigan Telecommunications Act, MCL 484.2101 *et seq.*, including the number portability provisions of MCL 484.2358, the anti-slamming procedures adopted in Case No. U-11900, and the number reclamation process adopted in Case No. U-12703.

C. Before commencing basic local exchange service in the expanded area, ACD Telecom, Inc., shall submit its tariff reflecting the services that it will offer and identifying the exchanges in which it will offer service.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so by the filing of a claim of appeal in the Michigan Court of Appeals within 30 days of the issuance of this order, under MCL 484.2203(12).
