Re: Revision to ACD Telecom, Inc.'s Access Tariff

Dear Ms. Alcona:

Pursuant to Public Act No. 182 of 2009, ACD Telecom, Inc. (ACD) advises that it has revised its Access Tariff, MPSC No. 2 as follows:

1. Preface – 3<sup>rd</sup> Revised Sheet No. 1, canceling 2<sup>nd</sup> Revised Sheet No. 1;
2. Section 12 – 3<sup>rd</sup> Revised Sheet No. 3, cancelling 2<sup>nd</sup> Revised Sheet No. 3.

ACD's intrastate switched access rates in effect as of July 1, 2009 are \$0.025 per access minute for terminating services, and \$0 for originating services. As specified in ACD FCC Tariff No.1, Section K.1.2, ACD's interstate switched access rates in effect as of July 1, 2009 mirror rates charged for similar services by the incumbent local services exchange carrier that would provide interstate exchange access services to the end-user if the end-user were not served by ACD.

ACD's interstate switched access service rates in effect as of July 1, 2009 are as follows:

AT&T Michigan territories

Local Switching	0.003116
Tandem Switched Termination (Zone 3)	0.000105
Tandem Switched Facility (Zone 3) per mile	0.000014 x 20*
Tandem Switching (Zone 3)	0.001155
Shared Multiplexing (Zone 3)	0.000018
Shared Trunk Port	0.000371
Total interstate switched access	0.005045
Differential between intrastate and interstate rates	0.019955

\*ACD uses 20 miles on average to calculate Tandem Switched Facility per minute charge.

Frontier North Inc., Frontier Midstates Inc. and independent ILEC territories

End Office Switching	0.0014123
Tandem Switched Termination	0.0000000
Tandem Switched Facility, per mile	0.0000020 x 20*
Tandem Switching	0.0030000
Shared Multiplexing	0.0000000
Shared Trunk Port	0.0005292
Total interstate switched access	0.0049815
Differential between intrastate and interstate rates	0.0200185

\*ACD uses 20 miles on average to calculate Tandem Switched Facility per minute charge.

Pursuant to Act 182 of 2009, ACD will be reducing its intrastate access rates for terminating services in the following 5 steps:

	01/01/ 2011	01/01/2012	01/01/2013	01/01/2014	01/01/2015
AT&T Michigan areas	0.021009	0.017018	0.013027	0.009036	0.005045
Frontier and other ILEC areas	0.0209963	0.0169926	0.0129889	0.0089852	0.0049815

This tariff revision is to implement the first intrastate switched access service rate reduction and the effective date of this revision is January 1, 2011.

I respectfully request that, upon approval and filing, you return a stamped copy of this advice letter. Should you have any questions, please contact me at your convenience.

Very truly yours,
